OFFICE OF
THE ATTORNEY GENERAL

March 23, 1970

To: Irving Jaffe

Attached are the papers that are related to the James Earl Ray extradiction (these papers were in the hands of Joe Cella and should be returned to him ultimately) and that are the subject of the law suit filed by Bernard Fensterwald on behalf of his client, Harold Weisberg. Also attached are copies of the material relating to Fensterwald's request for administrative release of the documents he wants, together with a copy of a proposed letter of decision for the signature of the Attorney General and a covering memorandum to the Attorney General from Bill Rehnquist.

After the lawyers in your Division who are going to handle the suit have had a chance to look at the material, I should appreciate a chance to talk with them and you, together with Tom Kauper of OLC and Joe Cella.
